Fayetteville Surgical
Associates

Dr. Jon M. Berry M.D., F.A.C.S.

Dr. Jon Berry joined Fayetteville Surgical Associates in August of 2004. Prior to joining our clinic, he served as Staff General Surgeon for the U.S. Navy and was stationed in Groton, Connecticut. Dr. Berry was also stationed in San Diego, California and Okinawa, Japan. He is currently on staff at Washington Regional Medical Center and North Hills Surgery Center in Fayetteville.

Dr. Berry was born in Muskogee, Oklahoma. He graduated from Oklahoma State University and earned his medical degree from the University of Oklahoma Health Science Center. He served as an intern at University of Texas Health Science Center in Houston. Following his internship he served as the medical officer for 1st Battalion, 1st Marines at Camp Pendleton, California. After his tour with the Marines, he completed his surgical residency at the Naval Medical Center in San Diego. He served overseas in Okinawa, Japan and finished his Navy service at the Submarine base in Groton, Connecticut.

Dr. Berry has a special interest in the treatment of varicose veins. He has received specialized training in radiofrequency vein ablation, a non-invasive surgical treatment for varicose veins. He also offers more traditional treatment for varicose veins as well as Sclerotherapy for spider veins.

Dr. Berry also has a large practice established in the treatment of colorectal cancer and offers colonoscopy as well as upper endoscopy. He offers surgical treatment for cancers such as breast cancer, thyroid cancer, esophagus cancer, stomach cancer, pancreatic cancer, and malignant melanoma (skin cancer).

Dr. Berry has vast experience in laparoscopic surgery and offers laparoscopic surgery on the gallbladder (cholecystectomy) as well as laparoscopic hernia repair and treatment of gastroesophageal reflux disease (GERD). He also offers the full spectrum of traditional general surgical care including endocrine surgery.

Dr. Berry is a Fellow of the American College of Surgeons and was certified by the American Board of Surgery in 2001 and recertified in 2011. He has also been a member of the American Board of Medical Examiners since 1994. He is a member of the Washington Regional Medical Center Trauma Advisory Team.
