

Stephen T. Wood M.D., F.A.C.S.

Dr. Stephen Wood has been in the practice of general surgery at Fayetteville Surgical Associates since 1993. He is on staff at the Washington Regional Medical Center, North Hills Surgery Center and Regency Hospital.

Dr. Wood was born in Seminole, Oklahoma. He attended high school in Fayetteville. He received his undergraduate degree from the University of Arkansas at Fayetteville and his medical degree from the University of Arkansas for Medical Sciences. He completed his internship and surgical residency at the University of Oklahoma Health Sciences Center, Tulsa.

Dr. Wood's practice includes diagnosis and treatment of surgical disorders and various cancers including breast cancer, thyroid cancer, skin and soft tissues cancers, pancreatic cancer, liver cancer, stomach cancer, and colon and rectum cancer (colorectal cancer). He offers minimally invasive, laparoscopic surgery for gallbladder disease, GI tract disorders, gastroesophageal reflux (GERD), hernia repair and splenectomy.

Colonoscopy and Esophagogastroduodenoscopy (EGD) are an established part of his practice. Reconstruction for decubitus ulcer defects, oncology, sentinel lymph node mapping and biopsy for breast cancer and melanoma, and surgical treatment of ulcerative colitis are among additional specialized areas of service that Dr. Wood offers.

Dr. Wood has served as Chief of General Surgery and has participated as a member of the hospital Emergency Department Trauma Steering Committee. Dr. Wood is certified by the American Board of Surgery, is a Fellow of the American College of Surgeons and is a member of the Arkansas Medical Society, and the Washington County Medical Society, and the Frank A. Clingan Surgical Society.
